## TERSELY TOLD.

The Frauen-Verein of the Lutheran church will meet with Mrs. John Thompson on West Government street, Thursday afternoon at 2 o'clock.

The schooners Doris and Christina, which had been detained in quarantine for the past several days in accordance with the state quarantine law, proceeded out to sea yesterday.

The British steamer Sargola, Capt. Marshbanks, consigned to H. Baars & Co., came into port yesterday from quarantine, where she had been for the required period.

There were 12 cases before Judge Laney yesterday, out of which two were continued and two discharged. The proceeds amounted to \$37.00. Two were given thirty-day jail sentences.

F. J. Delocello, who is with the funeraling gang, met with a painful accident yesterday while attending to his duty. He fell from the wagon and was bruised painfully but not seriously.

A regular meeting of the Board of Safety will be held this afternoon at 2 o'clock, when matters of importance will be taken up. Among other things that will be considered are the bids for police and firemen's uniforms.

Want advertising will do things for country people as well as for city people. A want ad will sell your farm, sell your horse or wagon, or team or farm implements, or crop or cows, or poultry, or turkeys, or minerals. Try the "Want Ad Way."

Secretary McDavid, of the local Civil Service examining board, announced that an examination will be held in Pensacola Nov. 13 for the positions of clerk and carrier. Persons wishing to take the examination must file their applications before Oct. 23, with the proper official.

Going to Camp Murray? Well, if you get there and find that you have forgotten to have The Journal sent to you just hand your order to Dudley C. Barrow. You will find him on the ground and willing to take your order for the only morning paper in West Florida, the paper that will bring you news from home every day and news that you can depend on.

James McHugh is in receipt of a letter from Mrs. McHugh, who is spending the summer in the north, in which she says that the reports of the Pensacola fever situation in northern papers are decidedly sensational. She says that she is solely dependent upon The Journal, which she receives daily, for accurate information. She is now at Westville, Mo., in St. Charles county and enjoying the trip. She is accompanied by Miss Blanche McHugh.

The local telephone company is having their telephone poles repaired. All the poles on Palafox and other principal streets will receive the regular coat of red and white. This will contribute greatly to the appearance of Palafox street. Just as soon as the city officials get after terminal company and have it do the same thing, Palafox street will look brighter. Some of the poles are badly in need of a new coat of paint.

Dudley C. Barrow, one of the efficient collectors in the city for The Pensacola Journal, leaves today for Detention Camp Murray from which place he will go to Geneva, Ala., there to join the other members of his family. During his absence he will act as The Journal's representative. Mr. Barrow has proven himself a valuable employee and it is with the regret of the management that he leave the city work even for a limited time.

## REFUGEES UP CHOCTAWHATCH

They are Enjoying Life in a Whirl  
of Social Gaiety While Quar-  
antine Is On.

Choctawhatchie Bay, Oct. 3.—Perhaps the people in the quarantined city of Pensacola imagine that the refugees on Choctawhatchie bay are lonely and are at a loss for something with which to pass away the time while in exile; but not so, for just now society along Choctawhatchie bay and the beautiful Five Mile bayou is enjoying a whirl of gaiety in which old and young united. But there, I take that back, there are no old among us, for we have one and all renewed our youth.

While one crowd was quietly enjoying the evening meal last Wednesday night, the wind raging without, with now and then a sprinkling of raindrops pattering on the roof, an unusual gust of wind burst the fastening of the door, threatening to demolish everything in the cabin on P. Radical. A rush was made for the opening when a light was sighted and a reeling little craft came puffing up to the landing with a crowd of merry makers aboard, bound for a country dance.

All was commotion in a few minutes, potatoes swallowed half pared, scalding coffee gulped down, grub half chewed in such haste that it would have shocked the digestion of a healthy cow. Lanterns were lighted and another mad rush was made for the yacht that had made a successful landing despite wind and waves.

The little launch again moved on out into the stream along the beach, picking up here and there, stray passengers from skiffs shooting out of the dark shadows along the shore.

Dr. Ford of P. Central awaited the jolly crowd and a welcome was sent forth through the lanky darkness from the brilliant lights burning for the occasion.

From the thrumming strings of the guitar and the melody of the harmonica came the pulsing music of the waltz or the quickening two-step, with the dear old-fashioned quadrille piloted by the sweet strains of the violin in an old break-down air.

The evening passed quickly and pleasantly while the rain poured in a deluge until almost day break; but no attention is paid to wind, rain or weather for the refugees are determined to make the best time possible of their enforced stay, and the natives are extending them a cordial welcome.

Friday night was a repetition of Wednesday with some variations as to company and weather.

Monday again found everyone in anticipation of a happy evening at Belmont to be met by the bearer of news from the quarantined city.

Enjoying the past and present and hoping for a brighter day in the near future for the suffering inhabitants we send our best wishes to all readers of The Journal.

"Tis wicked, maybe, to be caught  
Among the giddy whirl;  
You'd maybe feel a little shy  
Of the average country girl;  
But things will happen wrong some-  
times."

And if you should ever chance  
To have to harbor in the woods  
Just try a country dance.

The following are some of us: Mr. and Mrs. Robt. Hardy, Mr. and Mrs. C. H. Bushnell, T. J. McSwen, Frank Anderson, A. Ralra, Mrs. Gertrude Newark, Nellie M. Jerauld, James Jerauld, Mrs. M. W. Tufford, Mrs. R. C. Irwin, Miss Bell Duncan, Mr. Dallas Duncan, Mr. James Duncan.

## PUBLIC SCHOOLS OPEN IN COUNTRY

The public schools at Roberts and Ferry Pass, which opened Monday make a very fine showing. The Roberts school opened with 104 pupils, the largest number in the history of the school. The Ferry Pass school opened with an enrollment of 68, and a record breaker. Both schools have competent teachers and much good work is looked for in both places.

### SHOUTED UP

In England They Politely Refer to the  
Stomach as "Little Mary."

Little Mary—"I say up there, won't you please quit sending down such a variety of unnatural things to me."

"Here this morning first came down some sticky, pasty material, all starch and only partly cooked. It was wheat or oats and was decorated with milk and sugar."

"Between the uncooked mouthfuls came gulps of coffee, finally a good big serving of it. The same bunch and a lot of coarse, perhaps it was butter, then some fried eggs and fried meat and more coffee, and some fried cakes and syrup. You load things on me as if I could stand everything."

"I try faithfully, but there's no use, I can digest part of it and the balance sours and I simply have to push it along to the liver. He says he's weakly over-worked now and gets so weak he almost collapses, so he sends the surr mass on down into the intestines to raise gas and trouble of all kinds. We can't help it, and you must either select your food with better reason or stand more and more trouble down here. Suppose you try us on some cooked or raw fruit, a little Grape-Nuts and cream, 2 soft-boiled (not fried) eggs, some well-browned toast and a cup of Postum. Liver and I will guarantee to make you feel the keen joy of a hearty and well man if you will send those things down to us. There's a reason, but never mind that, try it first and when you find we know that we're talking about, you may be ready to hear the reason."

## HEADACHE

"My father had been a sufferer from sick headache for the last twenty years and never found any relief until he began taking your Cascarets. Since he has begun taking Cascarets he has never had the headache. They have entirely cured him. Cascarets do what you recommend them to do. Will give you the privilege of using his name."

## JACKSON CO'S COURT HOUSE

It Will Be a Three-Story Brick Build-  
ing Costing Nearly  
\$50,000

Marianna, Fla., Oct. 3.—The contract for the new court house was let yesterday to M. D. Lumen & Co., of Louisville, Ky., for \$46,625. There were five bids for the contract. When opened in the presence of all the contractors they stood as follows: Lumen & Co., \$50,800; Beland of Macon, Ga., \$48,974; Hughes Bros., of Montgomery, Ala., \$49,350; S. S. Leonard of Pensacola, Fla., \$49,889; C. C. Fetherlow of Birmingham, Ala., \$47,749.

School opened Monday with a very promising start, 141 scholars being enrolled. Rev. D. P. Slaughter and P. W. Collier were present and conducted the devotional exercises.

Our military company was out last night doing excellent work. People you have just as fine a company here as any people have. Just take a little interest in the company and they will show you some fine drilling. They are sticklers, for I have seen them at work when the sun would heat the guns so hot that they could hardly be handled—still you do not help them.

Prof. C. O. Andrews is at Sneads now teaching school. Mr. Ernest Gordy of Columbus, Ga., is spending a few days with Mr. and Mrs. Joseph W. Russ.

Mr. Robt. J. Boone is in Bristol on professional business this week. The Methodist parsonage will soon be enlarged. Collections have been taken up to do the work. Mr. Slaughter, the Methodist minister, has been collecting for several days and secured more than enough money to pay for these needed repairs.

Mr. S. S. Leonard of Pensacola, is in our city. He presented the county commissioners a bid for the new house. His bid was \$49,889.

We are to have a court house about 78 feet wide, 106 feet long; and three stories high. This is fine for old Jackson County.

Mr. G. B. Long, of Troy, Ala., is here.

Mr. Jule Wilson, our jolly telegraph operator, is very sick with fever, at Senator Wilson's residence.

Messrs. Chas. E. Liddon, W. R. Davis and Ed. Williams joined company "M" at the last meeting.

Mr. and Mrs. W. M. Boykin will entertain Thursday evening in honor of Mrs. Boykin's sister from Camden, Ala.

Mr. Chas. E. Liddon and sister Miss Susie leave tomorrow for points in Alabama and Tennessee. Miss Liddon goes to attend Belmont college at Nashville.

The ladies of the Methodist church will give a bazaar Friday evening for the benefit of the improvements just started on the parsonage. They have put a stained glass window in the church and now are preparing to furnish a new carpet for the church and a new suit of furniture for the parsonage.

## PRINTING OUTFIT SOLD AT AUCTION

The job printing outfit which was formerly owned by The Pensacola Press on West Government street, was yesterday auctioned off in front of the court house. The sale was made to satisfy certain claims against the outfit, and was purchased by W. A. Blount, for the creditors. The price paid was \$650.00.

What disposition will be made of the outfit could not be learned, but in all probability it will be sold at private sale to parties who will engage in the job printing business here.

## FUNERAL OF LATE DR. H. H. BOULTER

The funeral services for Dr. H. H. Boulter are fixed for this morning at 10:30 o'clock at Christ church and the interment will be at St. John's cemetery. Rev. P. H. Whaley will conduct the services, assisted by Rev. Mr. Sharpe. The pallbearers are Charles H. Bliss, James McHugh, M. L. Roch, Peter Lindenstruth, James O. Walker and Henry Horsler.

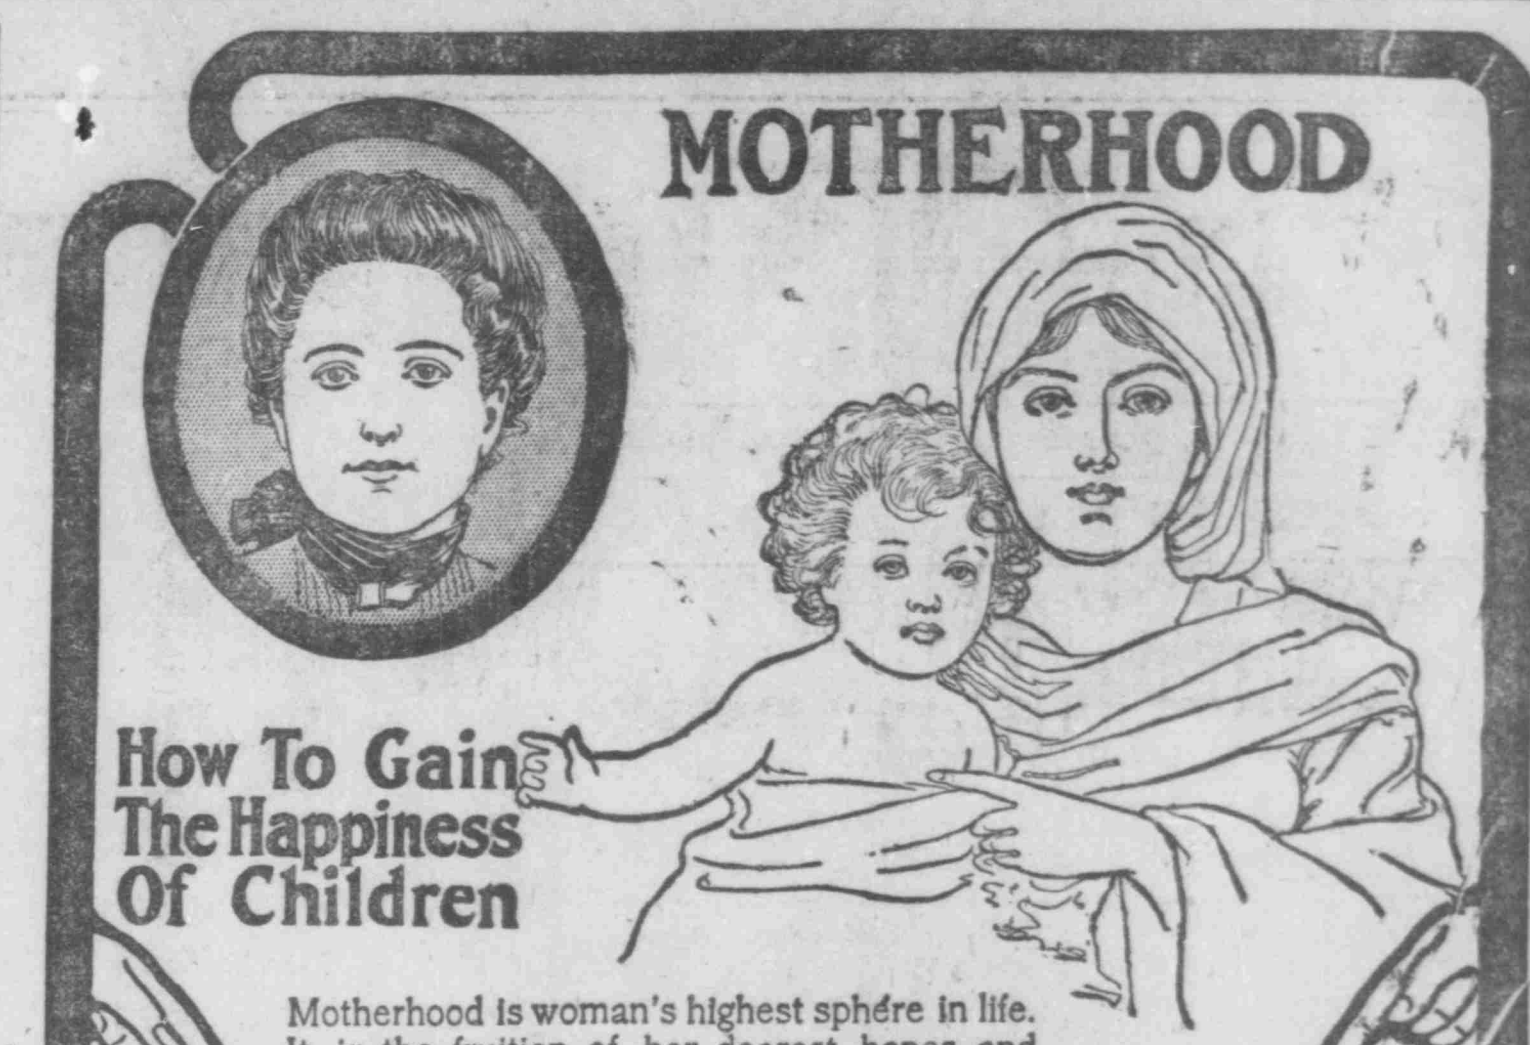

The deceased was a member of Pensacola Lodge No. 3, K. of P., and the members of that order are notified to attend the funeral services in a body.

## DONATIONS TO CLEANING UP FUND

Contributions Come in Slowly and  
Much More Money is Needed  
for Work Being Car-  
ried on

Citizens of Pensacola are still responding slowly to the call for a relief fund. The money is badly needed, and is being used most judiciously. Of course, more money is needed, and all those who are able to afford it are urged to send in contributions. The donations to the fund to date are as follows:

**How To Gain  
The Happiness  
Of Children**

Motherhood is woman's highest sphere in life. It is the fruition of her dearest hopes and most holy desires. Yet thousands of noble women, through the derangement of the female generative organs brought on by female weakness and disease, are unable to produce children!

## Lydia E. Pinkham's Vegetable Compound

Ninety-nine times out of every one hundred Lydia E. Pinkham's Vegetable Compound will so restore and strengthen the female organism as to make child bearing possible, easy, and safe.

with its record of thousands of cures, is the remedy for women. Thousands of women are happy mothers of beautiful children to-day because in time of need they took Lydia E. Pinkham's Vegetable Compound. No matter what your female weakness or disease, it will afford you speedy relief and cure. Every woman who desires to become a mother should read these letters:

Dear Mrs. Pinkham:—I had been married seven years and had no children, owing to a female weakness and womb trouble, which caused me severe suffering each month. A lady advised me to try Lydia E. Pinkham's Vegetable Compound, and I did so, and now I have no more pains and am perfectly well, besides having a fine baby boy. Mrs. ROSA F. KAREL, Ravenna, Neb.

Another happy and grateful mother writes to Mrs. Pinkham as follows:  
Dear Mrs. Pinkham:—I was very anxious for a child, but could not carry one to maturity. My husband advised me to take Lydia E. Pinkham's Vegetable Compound. I did so, and soon began to feel better in every way. I continued its use and was enabled to carry my next child to maturity. I now have a nice baby girl, and I feel like a new woman. Mrs. FRANK BEYER, 22 S. Second St., Meriden, Conn.

Actual sterility in woman is very rare. If any woman thinks she is sterile, let her write to Mrs. Pinkham at Lynn, Mass., whose advice is given free to all would-be and expectant mothers. Her letter will give you valuable information.

### DeFUNIAK

Special to The Journal.

DeFunia Springs, Oct. 3.—The projected meeting which was to have convened at the Methodist church this week had to be postponed on account of the quarantine, which would not allow the Rev. Mr. Pilley to return to Geneva, Ala., should he come here.

all kept going night and day.

The state board of health has been exceptionally liberal with Pensacola in the matter of furnishing physicians, there being seven of them. These doctors are working hard to keep the fever down. The city's force of physicians is not large, but every patient is being cared for.

There is, however, a serious scarcity of nurses at present. Every patient so far has been supplied with the necessary number, but more are needed. All those who are immune and who are willing to nurse should make application to D. Hale Wilson at once.

Another Death This Morning.

Since the above was put into type another death has occurred—that of Henry Wright, colored, of 210 East Romana street, who expired at 1:40 o'clock this morning. He was reported Monday. There are, it is said, several other cases of fever in the same house.
